

EU Reporting Standards

GOOD GUYS

Comply with or exceed carbon emission regulations (EU ETS), contributing positively to global climate goals

BAD GUYS

Evade the regulations by underreporting emissions or exploiting loopholes, weakening the effectiveness of climate policies.

OUR STUDY

We analysed the sustainability reports of 20 EU companies based on the findings from "*CHATREPORT: Democratizing Sustainability Disclosure Analysis through LLM-based Tools*" (Jingwei Ni et al) This allows us to trust in the accuracy and reliability of our data, making our study more robust and comprehensive.

COLLABORATIVE RESEARCH

We are looking for participants and **stakeholders as well as researchers** with related work for exchange and collaborative improvements of the methodologies and adaptation to use cases.
